**Notes:**

1. The list of creditors is as per claims received till 31 December 2018 and therefore, this list is still a work in progress and shall be updated appropriately from time to time.
2. The verification / rejection of the claims has been done on the basis of the proof / supporting documentation of the claims, as shared by the claimant, in accordance with the prescribed documents under the provisions of the Insolvency and Bankruptcy Board of India (Liquidation Process) Regulations, 2016 and corroborated from the records (books of accounts) of the Corporate Debtor. In case of any discrepancy between the details of a claim, as provided by the claimant, and the records (books of accounts) of the Corporate Debtor, the liquidator team has relied upon the records of the Corporate Debtor.
3. Further, in case of inadequate, inconsistent or no proof of claim being provided by a claimant (such as no / incomplete supporting documentation, no claimed amount mentioned in the form / affidavit / declaration, mismatch between overall claimed amount and claim components), the liquidator team has reached out, wherever felt necessary, to claimants for appropriate clarifications; meanwhile, reliance has been placed on the records of the Corporate Debtor for verification of claims.
4. **431** out of **484** operational creditors' claims have been admitted either in part or in whole. The remaining claims have been rejected.
5. For claims denominated in currency other than INR, the claimed amount and related figures have been considered after converting into the equivalent INR amount, as per Regulation 26 of Insolvency and Bankruptcy Board of India (Liquidation Process) Regulations, 2016 ("**Liquidation Regulations**"). As per the Liquidation Regulations, the Reserve Bank of India reference rates as on 27 August 2018 ("**Liquidation Commencement Date**"), have been considered for conversion of the aforementioned amount to INR.
6. Wherever statutory claims have been received under Form C, we have relied on the documents submitted by the claimant to verify the claim. Other statutory claims are based on the amount outstanding in the books of accounts of the Corporate Debtor as on the Liquidation Commencement Date.
7. Interest is not admissible unless the underlying contract or applicable law so stipulates. In cases where payment of interest may be ordered by any court/tribunal, admission of such interest may only be made upon receipt of such order from court of competent jurisdiction.
8. The liquidator team is in receipt of an inordinately large number of claims from various categories of creditors. Owing to this fact, in light of proceeding with the claims verification process in a practical and time bound manner, the liquidator team has followed a liberal approach towards potential errors in the claim form and affidavit / declaration (as applicable) and have been seeking requisite clarifications.
